

Dear Parents,

Greetings to you all.

This is a letter explaining to you the internet school channels that we are going to use this year.

1- Mini LMS:

- Each student is going to receive a letter with the user's name and password of his/her class.
- Log into our school website www.starsanyschool.com click on " Mini Lms " button and enter the user name and passwords.
- The teachers will be uploading through the mini lms, soft worksheets, daily plan, soft books or booklets if needed.

2- Google classroom:

- Each student is going to receive a letter with the user's name and password of his/her google classes.
- We will be uploading the instructions of installing "google classroom" application on the school's website.
- **Students only are allowed to enter the google classrooms** (for KG and lower primary grades it's allowed to enter with the parent Gmail but the google account's name **must** have the child's name, so it's preferred to create a Gmail for your child).
- The google accounts entered through the classes must have the student's name only (not the parent's name or nicknames).
- **The admin of the classes will automatically remove any account that hasn't the conditions mentioned above.**

- The school will be uploading extra videos and media only on the google classrooms.
- In case of school suspension for any reason the explaining videos and online quizzes will be uploaded through google classrooms.
- School midterm and last term reports will be sent privately through google classrooms.

3- Facebook group:

After you receive the min lms and google classrooms passwords, the school will be using the Facebook group only for notifications and urgently announcements.

For further information and questions concerning this letter kindly send an e-mail to itarsany@gmail.com

Thanks for your support.
